PERGAL

Pergal la pergola addossata a parete, soluzione architettonica che costituisce la continuazione della casa, aggiungendo uno spazio esterno e creando importanti e suggestivi giochi di ombre e luci personalizzando la copertura attraverso scelte stilistiche per spazi che raccontano l'anima di chi li vive.

Pergal is the pergola leaning against the wall, an architectural solution that is a continuation of the house, adding an outdoor space and creating important and suggestive interplay of light and shadows, customizing the roof through stylistic choices for spaces that tell the soul of those who live there.

IT

Caratteristiche Tecniche

Prodotto brevettato

Pergal 5.5 fino a 700x500 cm / Pergal 7.7 fino a 700x700 cm

Design del modello versione addossata

Struttura in alluminio estruso con componenti Inox

Verniciatura a polveri epossidiche resistenti ai raggi UV

Prodotto con marcatura CE UNI EN 13561

Made in Italy

Complementi

Faretti LED ad incasso da integrare nel frangisole

App gestione automazioni per Smartphone e Tablet

Vantaggi

Pre-assemblaggio testato

EN

Technical Features

Patented product

Pergal 5.5 up to 700x500 cm / Pergal 7.7 up to 700x700 cm

Wall leaning version

Extruded aluminium frame with stainless steel components

Epoxy powder coating resistant to UV rays

Product CE marking UNI EN 13561

Made in Italy

Complements

Recessed LED spotlights to be integrated in the structure

Automation App to control different function from Smartphone and Tablet

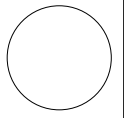

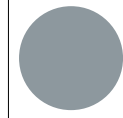

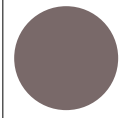

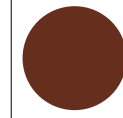

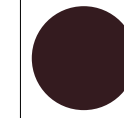

Plus

Pre-assembly tested
